**Round Azalea Traditional Thinwall Pot**
- Capacity Cubic Inches: 115.95
- Outside Diameter: 6.50 in / 16.51 cm
- Height: 4.93 in / 12.52 cm
- Maximum Liquid: 2.01 qt / 1.90 L

**Belden Hanging Baskets**
- 4" wire hanger included
- Large soil volume
- Saucerless design

**Blue Viper Weed Sprayer**
- No more pumping, squeezing, bending or kneeling!
  - 30” shaft gets those hard to reach weeds without bending or kneeling
  - Battery-operated motor (4 AA batteries) with push button control & 6 oz tank
  - Produces 150-350 microns spray droplets

**Repellex Systemic Tablets**
- The revolutionary repellent delivers a hot pepper (Capsaicin) concentrate that moves throughout the plant and roots, making the plants inedible
- Doesn’t wash off in the rain or degrade in sunlight

**Aquapro Aquatic Herbicide**
- Labeled for Aquatic Weeds: Cattails, Willow, Shoreline Grasses, Spatterdock
  - Rate: Use 1.5 qts with 1 pt of Cide-Kick in 16 gallons of water for 1/2 acre of pond or lake
  - AquaPro is a glyphosate-based herbicide for non-selective broad-spectrum weed control and is specially formulated for use around aquatic environments, without harming fish
  - A surfactant such as CideKick is recommended to be used with AquaPro

**Pole Saw ARS w/ Telescoping Handle**
- 13” high-carbon, straight blade
- Incredibly lightweight for better control, less fatigue
