Plastic Molded Pot Labels

- Molded in convenient sets of eight labels each
- Thicker, more rigid than LOOSE PACK plastic labels
- Best used to identify plantings in seedling trays and bedding flats
- Made from recycled styrene
- Can be used for potted plants
- Mark with fade/water resistant GARDEN PEN

Plastic Pot Stakes

- Comes in rolls
- Easy and fast to write or stamp on
- Made of flexible Styrene for easy insertion into dense media

20mil Pot Stakes are available in multiple sizes and colors. They are compatible with Stover's SM4.25, SM5.0 and SM6.5 Thermal Printers. These stakes are cold tolerant to around 10 degrees and are widely used among annual and perennial growers.
