

StriCore™

Herbicide

**COMING
OCTOBER
2024!**

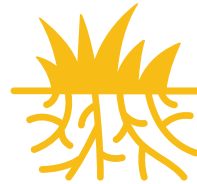

The Pre-Emptive Strike Against Weeds

Finally, a **NEW** defense against Goosegrass, *Poa annua* and Crabgrass. StriCore Herbicide is a novel, pre-emergent solution to tackle tough-to-control weeds like Goosegrass, *Poa annua*, & Crabgrass, while effectively combatting resistance. Whether you're a superintendent, lawncare professional, or a nursery manager, don't let invasive weeds take over.

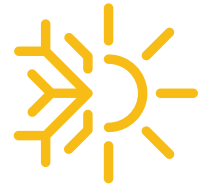

First New Pre-Emergent With A New Active Ingredient In Over A Decade

NEW Solution for pre-emergent weed control

Does not prune roots

Safe on warm- and cool-season turf

Prevent weed resistance

Easy tank-mix partner

Non-staining
