

Pedestrian & Equipment Doors

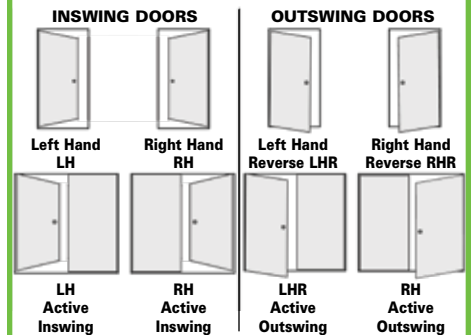

Hummert International offers a wide selection of 3', 3'6" and 4' wide, single and double panel doors. Optional A.D.A. hardware, panic hardware and window-lites are available.

Automatic or manually operated overhead doors are available in a wide variety of sizes to meet your needs. Overhead doors can be glazed with metal clad with or without insulation or glass.

Door Handling

The handling of a door is determined when standing on the key side facing the door/outside view

- A.J. factory standard doors are LH/RHR
- Doors can be ordered as RH/LHR or can be changed in the field
- Double doors have an active panel which must be opened before the inactive panel
- When ordering double door, specify which panel is active - RH, LH, RHR or LHR

AJ Manufacturing, commercial grade doors, are insulated R-12, steel single or double panel doors with aluminum and steel frames. Doors are shipped pre-hung and are 4-way universal swing with stainless steel hinges.

The 3100 series doors have a 28 gauge, white stucco embossed steel panel, white aluminum frame and Tell knob model KT2200. Vue Lite windows are not included.

The Series 5100 doors are commercial grade and have a 24 gauge smooth steel panel with white factory finish and a white 16 gauge steel jamb. Included are 22"x22" insulated Vue Lite windows. Included are Tell lever lockset model LT2000, latch guard kit, aluminum header/sill and Tell model 600 door closer. Optional panic bar exit device is Tell model 8300 with lever. In addition to the Vue Lite window option, doors are available with a solid door panel or a full view 22"x 64" insulated window.

Sizes range from 2' to 4' wide and 6'8" and 7' high. Color selection is white, bronze, brown and clay.

Tell locksets cannot accommodate Interchangeable Cores. Multiple doors with Tell locksets can be keyed alike.

All door hardware is field installed.
