

# LEXAN™ Greca Clear Corrugated Sheet

LEXAN™ Greca Corrugated Sheet is the product of choice for cost effective, high light transmission, long lasting glazing applications.

LEXAN™ Greca Corrugated Sheet is inexpensive and easy to install with simple woodworking tools. Lightweight and tough, it can be cold formed to gentle curves or rolled for easy handling.

Made from LEXAN™ polycarbonate, LEXAN™ Greca Corrugated sheet offers the clarity of glass, transmitting up to 90% of visible light while filtering out harmful ultraviolet light. Its proprietary integral UV resistance is backed by a 10-year limited warranty against yellowing and loss of light transmission.
