

AmeriLux Lexan Verolite™

VEROLITE™ Polycarbonate Twin Wall Sheet, the perfect glazing alternative for any greenhouse application, translates its many unique features into cost saving benefits.

The surface of **VEROLITE™ Twin Wall Sheet** is protected from the degradation effects of U.V. radiation by a proprietary co-extrusion process.

Beneficial Infra-Red light passes through promoting an ideal growth environment.

8mm Twin Wall

	Light Transmission	R-Value	U-Value
8mm Clear C1	80%	1.64	.61
8mm Opal C9	40%	1.64	.61
8mm Bronze C2	30%	1.64	.61
